96 -100	90 - 95	85 - 89	80 - 84	75 - 79	70 - 74	65 - 69	60 - 64	50 -59	49 & below

Teacher's Comments

Subject	Teacher's Comments
English	He has shown interest and improvement in writing throughout the academic year. However, he still has to learn more about literary devices. In PBL, he and his group have shown lesser authenticity
Mathematics	He has a basic foundation in maths and he can solve most of the problems and he put his effort in PBL and found out the data and collaborated very well. He needs to practise to apply maths skills in PBL.He is that kind of a person who can improve his abalities if he tries enough regularly.
Science	He shows responsible behavior, works well with a group. He has a good presentation skill. He also shows a willingness to learn.
Global Perspectives	Nay Min Myat demonstrates a good understanding of lesson concepts and contributes positively to classroom activities. He shows consistent effort and is capable of producing quality work. To further improve his performance, he should pay closer attention to details, maintain focus throughout lessons, and review his work carefully before submission.
ICT	He actively participates in class activities and collaborates effectively with his group members. He is able to complete daily tasks consistently in most cases and demonstrates a positive attitude by following the teacher's instructions attentively. He has shown improvement in his technical skills, particularly in the use of Bootstrap for web design development. For further growth, he is encouraged to continue expanding his knowledge and skills in more advanced technologies.
